Congratulations! Keep on writing.

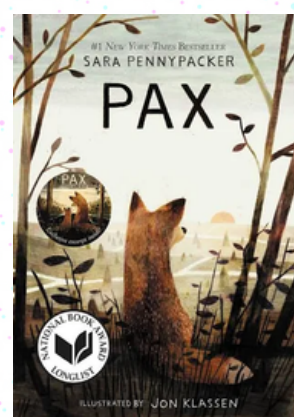

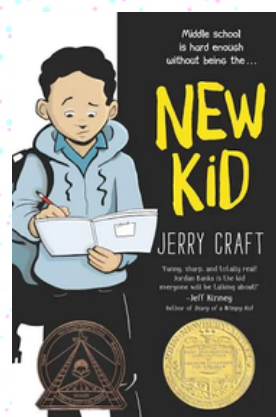

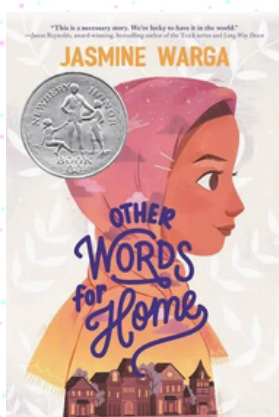

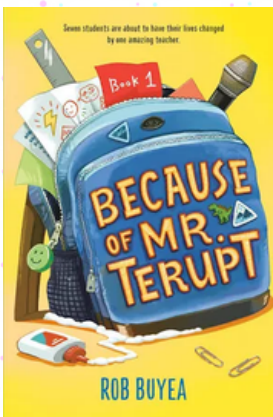

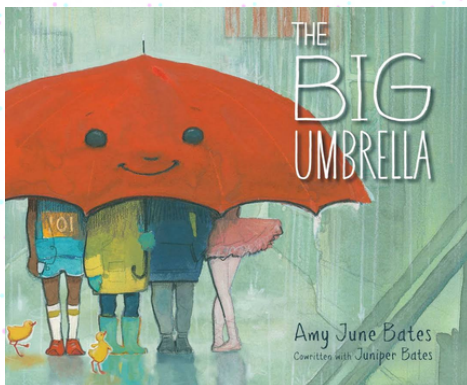

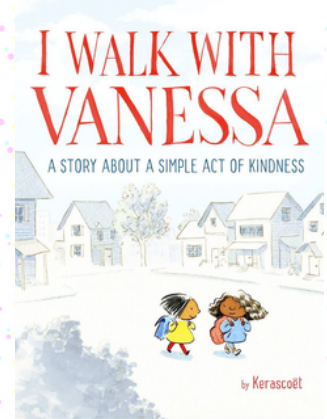

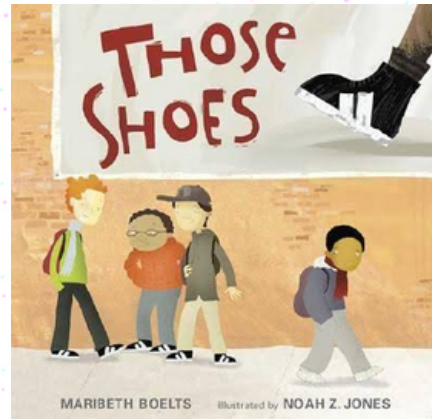

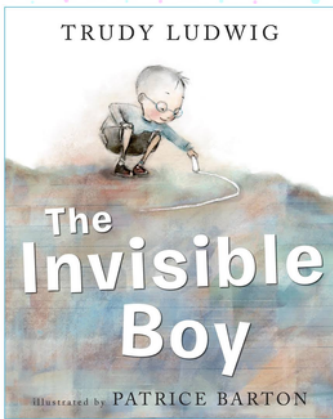

Spring Break

KINDNESS

Book List

Here's are more books about kindness you can continue to read together at home during Spring Break.

Events Happening at School

Batik Making in Div 11

Div 11 was very lucky to have Ms. Eguia's parents visit and guide them through batik making process. All the students planned out their design and transferred it to fabric. Each design was a representation of who they are. Then, they will sew it together to make a table cloth representing Div 11.

Batik art is a textile technique that uses wax and dye to create stunning patterns on a piece of fabric. This is a traditional fabric printing of indigenous groups in Asian and South America.
