Thursday - Basketball practice at lunch, after school boys' game at Talmey

Events Happening at School

Groundhog day in Div 17

According to centuries-old folklore, that's good news for Canadians tired of wintry weather. The tradition holds that if a groundhog doesn't see its shadow on Groundhog Day, springlike weather will soon arrive. But if a shadow appears, winter's icy grip won't let go for quite some time.

So Div 17 says, "Wake up groundhog, come out and see, shadow or not, what will it be?"

Students build on this topic and began exploring shadows.
